RE: Safety-Wise Updates

Greetings!

We have just received the following information from GSUSA:

“A new edition of Safety-Wise will be released in spring 2009. In order to fully prepare the document for the impact of the New Girl Scout Leadership Experience and to accommodate the valuable recommendations of volunteers and staff, the publication process has been postponed. Girl Scouts of the USA regrets any inconvenience this delay may have. This new timeline will ensure a superior product to help councils and volunteers make adventure happen in Girl Scouts.

Changes will take effect October 1, 2008, and they are clearly noted on the attached update.”

We will continue to use the current **2000** edition of Safety-Wise until further notice.

These updates are attached to this memo for your information and action. A copy of this packet will also be available for download on our website at: <http://www.usagso-na.org/program.php> and posted on the OCC Only and Facilitator Only web-pages.

Please ensure copies of this announcement are inserted in any copies of Safety-Wise used by OCMT, troop leaders and advisors, other volunteers and OC libraries.

This information will also be included in the 2008 Fall-Winter Learning and Program Opportunities Calendar.

Please contact our office if you have any questions.

With regards,

Mary Edna Wuertenberger
